1. From where did you hear about 3DVG?

From Dr. Rajen Coppern

2. Can you give a brief overview about your opinion on the 3DVG assessment and the explanation of the results?

Walked in this morning feeling a little anxious however the friendly and knowledgeable Doctor and his team, put my mind at ease. I was totally relaxed throughout the procedure and amazed at the advancement of technology. The doctor's explanation was easy to understand and we can now make an informed decision to progress to better health in a non-invasive manner. Many thanks.
